Terms and Conditions for Natural Gas Service

OWNER TO
INITIAL HERE: _____

The Owner applies to Enbridge for natural gas to be supplied to the Property and acknowledges and agrees: (1) to pay rent, rate or charge due to Enbridge at any of the times fixed for the payment thereof as indicated on Enbridge’s monthly bills including any late payment penalty (monthly bills are due when rendered and a late payment penalty will be charged when a monthly bill is left unpaid) from the date of this application until either: (a) the Owner’s written notice to discontinue the supply of natural gas to the Property is received by Enbridge and a reasonable opportunity has been given to Enbridge to enter the Property for the purpose of discontinuing the supply; or, (b) a new account holder assumes the benefits, and responsibilities for payment, of the account and such account holder has provided notice to Enbridge confirming same; (2) that the natural gas supplied to the Property is to be drawn through a meter or meters provided by Enbridge and the quantity of natural gas supplied is to be determined by the registration shown on such meter or meters and that, if for any period of time, a meter fails to register the quantity of natural gas supplied, then the quantity of natural gas supplied during the period will be estimated by Enbridge; (3) that Enbridge, before supplying, or as a condition of continuing to supply, natural gas to the Property, may require the Owner to give reasonable security for the payment of the proper charges therefore; (4) that Enbridge, upon providing the Owner with 48 hours prior notice may discontinue the supply of natural gas, or lock or remove any meter whenever the Owner is in default of payment or whenever default is made in providing reasonable security when requested; (5) that agents or servants of Enbridge shall have free access, at all reasonable times, and upon reasonable notice given and request made, to enter the Property (whether before or after discontinuance of service) to inspect, repair, alter, connect or disconnect any gas service pipe(s) and/or meter(s); **(6) that in the event the Owner does not use natural gas at the Property within six months of installation of the Service, the Owner agrees to pay Enbridge a lump sum representing Enbridge’s cost of installing the Service at the Property;** (7) that Enbridge will use any personal information provided in this application in only strict accordance with Enbridge’s Privacy Policy, which can be viewed at www.enbridge.com/gas or obtained by calling Enbridge; and, (8) to comply with and be bound by the foregoing as well as by the rules and regulations of Enbridge from time to time established.

Instructions for Calculating Service Line and Meter Location Charges

Service Line: Enbridge will provide and install a total of up to 30 metres of service line (measured from the Owner’s property line, up to a maximum of 2 metres past the building face) at no charge to a new residential customer. **An extra charge of \$32 per metre (plus GST) beyond this distance will be billed to the Owner on the Owner’s Enbridge bill.¹**

Meter Location: (The HVAC Contractor must mark the wall showing the proposed meter and appliance vent locations). Enbridge will install its meter on the front wall of the building or on the side wall of the building up to 2 metres past the building face at no cost to a new residential service. (Meter location must meet all applicable codes and regulations). **An extra charge of \$32 per metre (plus GST) beyond this distance will be billed to the Owner on the Owner’s Enbridge bill.¹**

Distance between property line and the face of the building: _____ metres
 Distance (if applicable) along the side wall of the building: _____ metres
 Total extra length and additional charge to be billed to the Owner: _____ metres @ \$32 / metre = \$ _____ + GST

Please enter this amount in the “Service Charge Amount” box on the front side of this Application.

¹ To obtain specific information on commercial or industrial service line and meter charges, contact your local Enbridge sales office. Natural gas standard delivery pressure is delivered at 1.7 kPa (7” water column). Requests for elevated service delivery pressure are subject to review and approval by Enbridge Gas Distribution. If elevated service pressure is available, special charges may apply. For further information, please contact your local Enbridge Sales Office.
